Please see the update from Q'wemtsin Health Society.

Please do not flush masks or gloves down the toilet. Used gloves and masks should be thrown in the garbage.

Update from Dr Henry On June 9

There have been no COVID-19 related deaths for 4 days in BC.

There have been no new cases of COVID-19 in the interior since May 28.

BC is watching neighbouring provinces and states closely. Washington is seeing a surge of COVID-19 cases and we must remain vigilant in order to prevent a surge here.

June 8 was the highest single day for new cases globally with 136,000 people affected. What happens in other countries affect and matters to us.

Each of us must continue to Minimize, Manage, Modify.

Be calm, respectful, safe and generous with one another.
